

Optima Ventura

Two-tier system for comfortable bicycle parking

Outdoor

Optima Ventura

Two-tier bicycle parking system with low lifting height

With the Optima Ventura, you can store bicycles efficiently, simply and smoothly. This successful and robust two-level bicycle parking system is specially developed to store bicycles safely and easily with a low lifting height.

1

Place bicycles on the top level with ease

The gas spring ensures that the upper rack drops down gently and smoothly. The rack can be lowered to floor level. This makes parking a lot easier

2

Store bicycles efficiently

The cleverly designed support structure ensures that you never lose any parking space.

3

With FietsParKeur 2.0

The Optima Ventura is suitable for both indoor and outdoor use. The system meets all requirements of FietsParKeur 2.0 for multilevel bicycle parking.
